

WOUND CARE SERVICES

We can help you and your loved ones by providing comprehensive wound care in the most comfortable place of all....

When Wound Care Matters

The wound care program at The Pines at Rutland is designed for patients with wounds who are discharged from the hospital or referred by their doctors for short term skilled nursing care. Our team assesses the patient and wound for healing and provides services that are designed for each patient's specific needs. Our goal is to provide the best possible environment for wound healing while caring for the entire patient.
